OBJECTIVE

Full stack graduate who is an eager and adept developer focusing on JavaScript, Web and Mobile-first development. After success with WordPress front-end/back-end and Shopify development, I am eager to continue my career. I am a critical thinker who is hardworking and quick to learn new integrating technologies. I work well within a team and is willing to contribute to a positive work culture.

WORK EXPERIENCE

Junior Full Stack Developer
JUNIT JEWELRY
- September 2021 - current   Remote
  - Maintained 16+ web pages, graphics, and product management under UI/UX designer.
  - Created and maintained front-end code for e-Commerce website (re-designs, seasonal updates, production work).
  - Produced and assisted in the deployment of online marketing initiatives, including banner advertisements.
  - Contributed to the in-house UI library to create reusable components which saved development team approximately 100+ hrs.
  - Assisted in developing WordPress sites with testing, deployment, and updates.
  - Led troubleshooting, fixed 1,000+ bugs and other issues, and updated sites throughout production lifecycle.
